SPANISH FLEET SAILS FROM MARTINIQUE.

Many Conflicting Reports About the Spanish Fleet—Has Been Sighted Sailing South After the Oregon.

THE ENEMY CAN NOT ESCAPE BOTH OF OUR FLEETS.

Washington, May 14.—A bulletin just issued states that Sampson has sailed to intercept if possible the Spanish fleet. Sampson has orders to engage the fleet at the earliest moment. The administration hourly expects a cable dispatch with important news.

The Spanish fleet left Martinique yesterday afternoon.

Washington, May 14.—New orders were today sent to the Flying squadron to reach the fleet.

London, May 14.—Gladstone's death is momentarily expected. A sudden change for the worse has taken place today.

St. Pierre, Martinique, May 14.—There is a flotilla of eight Spanish warships and seven torpedo vessels in the vicinity of this island. It is supposed a part of this flotilla is heading northwest.

It is positively known a part of the Spanish flotilla is cruising about near Martinique, keeping watch on the United States auxiliary cruiser Harvard.

FRANCE AND AMERICA.

It appears that the many and various expressions of editorial articles that are circulated by the press in all kinds of coloring are calculated to create wrong impressions and to awaken enmities between the true and to-the-mother-born Americans and her best friend on earth, and even inclusive of the starry field on the canopy of heaven.

To cite any of those misdeeds would be too tedious; they evidently emanate from ignorance or a kind of hidden enmity that does injustice to both France and America by ventilating such galling utterances as the Evening News so inconsiderately sling forth against a nation that has never failed to be constant in her friendly relations with the United States. The world understands that France entertains no fears from any quarter of the universe. She has a big heart and is true to her principles to God and to justice; France is my mother and America my mother-in-law, both of them I am ever ready to defend at any moment with the best temper that I may be able to entertain. Respectfully,

J. P. GIBARDET.

CIRCUIT COURT.

The case of the More-Cane Dry Kiln Co., against the McKinney Veneer and Package Co., which had been on trial in the circuit court for nearly a week, was decided this morning, a verdict being rendered in favor of the defendant for \$601, but the decision states the mill belongs to the plaintiffs.

A LONG BLAST.

The towboat Irvin, while at the head of the island this morning about 6:30, had something to go wrong with her whistle, and for about an hour, it blew a continuous blast, and was heard all over town, many people wondering what it was.

She left shortly after her whistle began, and it was still blowing when she got out of hearing, and may be blowing yet.

AFTER THIEVES.

Officer Gray Goes to Sturgis After Alleged Thieves.

Chas. Jackson, and Gilbert, alias Everett, are under arrest in Sturgis, Ky., on a warrant charging them with stealing a watch and chain from Will Foster, of the city. They were arrested last night, and Marshal Colins was notified by telegraph.

They are alleged to have stolen the watch on the 16th of April, and have not been seen here since. The watch was silver, with a gold chain.

Connissor's delight—Lunwood Cigar.

PREPARING FOR A LONG TRIP.

Norfolk, Va., May 14.—News by pilot boat sent from the flying squadron says that the fleet carries coal for a long voyage. The cruisers New Orleans and Minneapolis have joined the flying squadron.

TEN SPANIARDS KILLED.

Key West, Fla., May 14.—About forty soldiers of the First United States Infantry yesterday afternoon effected a temporary landing near Cienfuegos and engaged in a hot skirmish with Spanish infantry and cavalry. It was the first landing of

SAMPSON BATTERS SAN JUAN.

Correct Story of the Bombardment of That City by the American Squadron Thursday.

FIGHTING BOB EVANS LEAD OFF.

Spain's Guns Silenced and Morro Castle Reduced to a Heap of Rubble—Bombardment Lasted Three Hours.

BUT ONE AMERICAN SAILOR WAS KILLED.

THE FLEET MAY BE AFTER THE OREGON.

St. Thomas, on board the Scipio-McRae despatch boat Kanaha, May 12.—Admiral Sampson's squadron, composed of the battleship Iowa, the flagships New York, the Indiana, the monitors Terror and Amphitrite, the cruisers Detroit and Montgomery and the torpedo boat Porter, in search of the Cape de Verde fleet, arrived at San Juan at 5 o'clock Thursday morning.

The Detroit led the way in the harbor and the Iowa opened fire on Morro Castle. The Detroit's guns followed at short range and the others in order named, except the Montgomery.

Twenty or thirty Spanish guns replied to the fleet. The fleet's first fire fell short, but the second round got the elevation, silencing Morro, fired the town and drove the Spaniards from their guns repeatedly.

The fire was excellent. The Porter ran in at short range and drew the Spanish fire fearlessly. The Spaniards mounted seven good guns but their marksmanship was wretched. They fired hundreds of shots.

They hit the New York once and killed a seaman, Frank Wadsworth; broke the leg of Samuel Feltman, an ordinary seaman; and slightly wounded three others.

One shot hit the Iowa but did no damage except to Marine G. Morkle, who got a broken elbow, and R. C. Hill and John Mitchell, seamen, slightly hurt.

The damage ashore is unknown, but is estimated to be large.

The fleet is now outside awaiting the Spanish fleet from Cape de Verde.

The bombardment lasted three hours.

London, May 14.—The Evening News published a dispatch yesterday from St. Thomas, saying San Juan Port Rico surrendered at 6 o'clock Thursday evening.

The dispatch says that immense damage was done to the city and that a number of important buildings collapsed.

The Iowa and Detroit fired 130 shots with terrible effect.

The Americans did not attempt to take possession of or destroy the town, beyond razing the fortifications.

The casualties among the Americans were: Killed, Frank Wadsworth, marine New York; wounded, George Morkle, Charles Hill and J. Mitchell of the Iowa.

All the American warships, except the Montgomery, steamed in elliptical formation before the forts.

The fleet first fired too low, but at the second discharge they got the elevation and soon silenced Morro Fort and set fire to the town, driving the Spaniards from their guns repeatedly.

The shore guns fired hundreds of shots.

Roy Neal, the 13-year-old son of Cad. Neal, of Mechanicsburg, was bitten by a dog supposed to have the rabies, late yesterday afternoon. The animal was killed by a man named Nelson.

MEN OF MODERATE MEANS

Need no longer regard tailor-made clothes with fear and trembling.

Dalton now makes clothes in his own shop, here at home—makes the clothes right, makes the bill right.

It costs but a trifle more to wear garments that fit than those that a'most fit. The acme of style and workmanship is ours. Drop in at 333 Broadway and see about that belated spring suit. You'll be glad you waited—t'will cost you so little.

DALTON, THE TAILOR

SPAIN'S FLEET MAY SAIL FOR CUBA.

Doubtful if the American Fleets Can Intercept it, Should Such Be Its Destination.

AT MARTINIQUE SEVERAL DAYS.

The Spaniards Held the Cable Off Until They Got Ready to Leave—Destination Is of Course Unknown.

THE FLEET MAY BE AFTER THE OREGON.

Washington, May 14.—If the Spanish admiral obtained information at Fort de France in regard to the location of Sampson's fleet, he is probably now heading directly for Cuba.

He has a decided advantage over the American fleet in such a movement.

If the Spanish vessels have continued due west, or even west by northwest, since they were signalled west of Martinique, they are now nearing San Juan.

If they are bent on reaching Cuba, either by the channel between Haiti and the island or by the Yucatan channel at the west end of Cuba, it will probably be impossible for Sampson to intercept them.

If the American admiral learned promptly enough, however, of the whereabouts of the Spanish fleet, he may be able to descend upon it by way of the passage between Porto Rico and Haiti, though this is improbable.

It will also be a hard race between the Flying squadron and the Spanish warships if the former undertakes to reach Cuba in advance of the enemy's arrival.

Washington, D. C., May 14.—Capt. Cotton, of the Auxiliary Cruiser Harvard at St. Pierre, in his eleventh telegram to the navy department received yesterday states that his despatches were held up at St. Pierre until after the Spanish squadron had sailed.

He also states that the Spaniards had been at St. Pierre for several days. They are accompanied by two long supply ships and all sailed together.

From Capt. Cotton's telegram, navy department officials believe that the Spanish fleet is bound for Cienfuegos. There is an active energetic consul at Martinique and it is believed that he would have immediately notified the state department of the Spanish fleet's presence at St. Pierre if he had been permitted to do so.

Some naval officers are inclined to believe that the Spanish fleet is going to meet the Oregon, Marietta and Buffalo, bound from Bahia, Brazil, to Key West.

Washington, May 14.—The Harvard, an auxiliary cruiser, is in St. Pierre. She will be detained until the Fury and Terror, Spanish torpedo boat destroyers, which were there Thursday, are at a safe distance.

The whole Spanish fleet was sighted off Martinique Thursday steaming Northward.

It is 400 miles from Martinique to San Juan.

BITTEN BY A DOG.

Roy Neal, the 13-year-old son of Cad. Neal, of Mechanicsburg, was bitten by a dog supposed to have the rabies, late yesterday afternoon. The animal was killed by a man named Nelson.

It is 400 miles from Martinique to San Juan.

WILL BROKEN.

The Braswell Will Case Decided Today in Eddyville.

The celebrated will case of Braswell heirs against H. C. Lassiter was concluded this morning in the circuit court in Eddyville, and ends the trial so far as the lower courts are concerned.

It appears that Mrs. Braswell married a Dr. Sanders, of Nashville, and when she died, willed everything to him. Lassiter was named as executors, and as the heirs were left off the will, he did not inherit.

It is the fourth offense with which he is charged, being shot and almost killed only a few months ago by Constable Alex Patton while trying to escape, after having assaulted him.

Attorney J. M. Worten, of the city, represented the successful side, while Attorney Meek, of Nashville, was counsel for the other. The case had been on trial for two or three days, and attracted a great deal of attention, a verdict being rendered breaking the will, which was a great victory for Attorney Worten. An appeal will be taken, and a suit now pending in the courts of Tennessee, to break the will, will also have to be decided.

If ultimately successful, Attorney Worten will receive a fee of \$10,000.

SHOT HIMSELF.

Suicide of a Man in Marshall County.

John Buchanan, aged 22, killed himself with a shot gun yesterday near Ozan, Marshall county. He was a comparative stranger there, having moved there from Hopkins county only two or three months ago. No cause is assigned for the deed.
